Reporting Procedures of Crime or Emergency

It is essential that all crime and suspicious activity be reported promptly and accurately to EU Campus Safety or to the LA Police Department. As students and staff work together with Campus Safety, crime on campus can be definitely reduced. Reporting criminal activities or emergencies may be done in several ways. EU recognizes some individuals may prefer to report to other individuals or University offices on campus. Accordingly, this report provides various contact numbers who can reach in any situation.

1. All campus incident reports are forwarded to the Director of CSS for review and action as appropriate. Follow up investigations of reports take place and involve the necessary parties and/or agencies.
2. Reporting to the Police Department: Individuals reporting a crime to CSS also have the right to report the crime to the LA Police department by calling 911 or utilizing the LA Police Department non-emergency number at (323) 561-3211.
3. Reporting to the Campus Safety: to report crimes or emergencies on campus, please notify CSS Office at (323)221-1024. Campus Safety can be reached twenty-four hours a day. The CSS Office is located at the entrance to the campus on Marengo Street.
4. Confidential Reporting: Students wishing to report a campus crime confidentially may meet with the EU Campus Counselor. With the student's permission, the counselor will forward basic information about the crime such as date, location, and type of crime to the Director of CSS for reporting to the appropriate authorities. Information on the incident will be included in the annual campus crime statistics report. The purpose of a confidential report is to maintain privacy, while taking steps to ensure the future safety of the campus community.

5. Reports filed in this manner involving allegations of sexual harassment (including sexual violence) are made available to the Director of CSS/Title IX Administrator.

6. Other EU faculty and staff are required by law to report incidents and /or crimes and cannot promise confidentiality. They are designated as campus security authority mandatory reporters.

7. Off-Campus Locations: Ezra University does not currently recognize any off-campus locations of student organizations, including off-campus housing facilities.

Depending on the reporting party's affiliation with the university, a specific Deputy Coordinator will be assigned to oversee the investigation.

Non-emergency alerts and notices will be announced in chapel and/or school emails. Emergency

notices will be given through the emergency notifications including text. Imminent emergencies will also be announced over the all-campus populi.

3. Personal Safety

Survivors of crimes are not responsible for their victimization, regardless of their actions. Criminals are responsible for crime. Not all crimes can be prevented with preparation and readiness, but campus community members can improve their personal safety by taking the following precautions such as carrying fully charged cell phone with emergency contact number, if being followed go to a populated area, be alert to any suspicious persons or vehicles, always immediately report suspicious people or conditions to campus staff, etc.

Property Protection

Do not leave valuables unattended (backpacks, wallets, purses, keys, computers, phones, electronic devices, etc.)

Engrave personal property, such as electronic or sporting equipment, with driver's license number and state like this: CA 123456.

Keep a written record of all personal valuables, including descriptions and serial numbers. It is evidence that the property belongs to the rightful owner.

Parking Safety

Lock vehicles at all times.

When returning to a vehicle, have the keys out while approaching. Check the interior before getting inside.

Notify security or Student Affairs staff immediately of any suspicious people loitering in the parking lot.

Remove all valuables from vehicles. Leave them in residence, carry them, or lock them in the trunk.

Do not leave any items in the vehicle where they can be seen. Vehicles are broken into for small amounts of change and for bags or boxes. A thief does not know that the bag is empty or contains something of little value.

In a Threatening Situation

If physically attacked, attract attention by yelling loudly or using a whistle.

If using self-defense tactics or equipment such as pepper spray, run away as soon as the attacker is disabled.

Decide what to do in various situations before they occur. Try role-playing with a friend.

If confronted by someone who only wants property, give it to them.

Try to get an accurate description of the assailant. If a vehicle is involved, get the license number and call the police.

Incident Reporting

For emergencies or a crime being committed, call 9-1-1.

Report all crimes, no matter how minor they may seem. Notify Security of all suspicious persons or activity.

Report to Security or Student Affairs any areas on campus that are dimly lit or that look unsafe as well as malfunctioning lights, doors or windows.

4. Campus Safety

When crimes occur on campus, Student Affairs or Security informs campus community members so they can take precautions to avoid becoming victims of crimes or so they can aid in the solving of crimes. The Director of CSS and Director of Student Affairs constantly track, evaluate, and distribute crime data. For answers to questions or further information, contact to school.

EU Student Affairs provides the following safety tips to increase awareness of safety concerns and to further inform the campus community of the nature of potential crimes and crimes EU reports:
